Choir Loft – Health & Safety

As a temporary measure, access to the choir loft is to be restricted since the current design does not meet current building regulations. In particular the gaps in the balustrade which may put young children at risk of injury. Whilst a solution is found, it is requested that children under the age of 5 years whether accompanied or not do not use the choir loft. As a priority before each service could members of the congregation please ensure that space is available for families with children under the age of 5. Especially at busy periods over Christmas and Easter. Thank you for your understanding and support.

Note for Eucharistic Ministers, Readers and Servers – John Burke will be asking for volunteers to fill empty slots on the timetable for the Christmas / New Year period.
