Dear Parishioners,

I have just received a message from Archbishop Bernard Longley informing the Diocese of the response of the Bishop's Conference of England and Wales to the IICSA Inquiry Statement and other documents. The Bishop's have been meeting this week in response to the documentsd which were published just over a week ago. I am sorry it arrived too late for us as the newsletter has already been completed for this week.

Please follow the link to the Birmingham Diocese website for more information :

Fr John Cross
